

## A BFSI Enhances Control Over Precious Pledged Items

## Client Overview

Client is a NBFC with 17 branches. They offer Gold, Vehicle, SHG and Personal loans and manage 100+ Cr loan portfolio.

## Challenges

Gold loan is a major portfolio and pledged items tracking was a manual activity

Items storage and retrieval used to take significant amount of time

Due to huge number of items, physical inventory process was laborious and time consuming with less accuracy

Internal process control was a challenge

## Solution

- **Cloud based web application for monitoring & control**
- **Android mobile app for imaging, receiving, storing and returning the precious pledged items**
- **Barcode labels printing for every item**
- **Android mobile app based physical inventory check and discrepancies reporting**

**Efficient  
Process**

**Customer  
Trust**

## Benefits

- **Account wise pledged items tracking**
- **Dynamic over exposure reporting**
- **Frequent & Timely Inventory Verification**
- **Error free transactions recording**
- **Transparent Process**

**WE HAVE DONE THIS  
WE CAN DO IT AGAIN**
